CANADA (LTCMDAC)

October 30th, 2010

&

GERIATRIC MEDICINE
FOR THE
PRACTISING PHYSICIAN

October 31st & November 1st, 2010

Toronto Marriott Downtown Eaton Centre Hotel
Toronto, Ontario
Dear Colleague:

You are cordially invited to attend The Ontario Long Term Care Physicians’ 33rd Annual Conference, “Geriatric Medicine for the Practising Physician” to be held October 31st & November 1st, 2010 at the Toronto Marriott Downtown Eaton Centre Hotel.

Preceding our Annual Conference, OLTCP will be hosting the 3rd Annual conjoint meeting with the Long Term Care Medical Directors’ Association of Canada (LTCMDAC) on October 30th, 2010 which will focus on Administration Issues for Medical Directors.

Continuing education is only as useful as it is relevant. Meeting the diverse Continuing Health Education needs of our membership is a challenge. The planning committee has tried to overcome these challenges by integrating needs assessment results, our clinical experience and the advice of education consultants.

This programme features three full day scientific sessions consisting of lectures, workshops and discussion periods, all designed to provide the latest information on Age-Related Macular Degeneration, Alzheimer’s, Behavioural Issues, Botox Injections in the Elderly, CHF, Compliance, COPD, Diabetes, Immunizations, Movement Disorders, Osteoporosis, Pain in the LTC Patient, Parkinson’s Disease, Prostate Cancer, RAI-MDS, Skin Conditions, and other challenges faced in treating the elderly in Long Term Care.

We look forward to seeing you there.

James Edney, MB                 Karen L. Cronin, MD
SATURDAY, OCTOBER 30th, 2010
