Division:	Professional Development and Practice Support
Reports to:	Program Manager, Knowledge Experts and Tools Program
Classification:	Support Staff
Status:	Permanent
Job Family:	Professional/Knowledge Worker
*FTE:	1.0
Level:	4

Summary:

Program and Practice Support (PPS), and specifically the Knowledge Experts and Tools (KET) program, facilitates the development and endorsement of evidence-based practice tools (e.g. Guidelines) and creates related knowledge translation tools (e.g. decision support tools, eLearning). The position coordinates the work of the subject matter experts and PPS staff to generate the guidelines, related knowledge translation tools and continuing professional development (CPD). The position reports to the Manager, KET and works closely with Clinical Evidence Experts, Physician Advisors, and volunteer subject matter experts. Much of the work will be online, using virtual community and eLearning solutions.

Responsibilities:

Essential Duties include:

- Oversight of the KET's project planning and execution, in consultation with Manager
- Support project-based group work and standing committee meetings (e.g. Member Interest Group working sessions, guideline development or endorsement working groups, Patient Education Committee), including managing contact and coordinating activities of family physicians and other subject matter experts participating in the creation of practice support products
- Coordinate endorsement request of external clinical guidance documents including gathering the request, assuring the completion of forms/paperwork by applicants, contacting reviewers, gathering feedback, assisting in review of feedback, and drafting/delivering communications with applicants
- Handle and manage confidential material like new guidelines and guidance documents
- Assist with creating PowerPoint presentations and other knowledge translation documents
- Coordinate the planning, development, post-production, promotion and evaluation of practice supports (e.g. decision support tools, podcasts, webinars, eLearning)
- Administer KET's online learning platform
- Support the instructional designing of eLearning content e.g. course formatting, designing web pages, creating online surveys, uploading learning artifacts, helping to design the "look and feel" of courses
- Oversee CPD credit reporting, including submission of Direct Credit Entry reports
- Plan and execute the technical delivery of webinars and other online events
- Plan and support the recording of podcasts and lead post-production activities
- Coordinate promotion of PPS initiatives through CFPC channels (e.g. Web pages, social media)
- Lead the KET's social media presence, including the planning, coordination with other CFPC social media, and evaluation
- Assist with developing and implementing performance indicators, for example, CPD uptake, impact
- Track project expenditures and reconcile them against finance department records
- Works with committees, work groups, managers, and other departments to plan, produce and promote program initiatives (e.g. guidelines, decision support tools, webinars, CPD)
- Monitor department email and online learning portal messages, responding or redirecting messages as appropriate
- Coordinate conference displays, events, and meetings on various projects and initiatives, including preparing meeting agendas, supporting communication and writing meeting notes
- Represent the program at conference booths
- Provide regular status updates to the manager
- Back up other coordinators in the department

Related duties:

- Ensure effective and professional communications with all internal/external contacts
- Develop and maintain collaborative relationships at all levels of the organization
- Work in accordance with all CFPC policies, procedures, and processes with all applicable legislation
- Work in accordance with all health and safety requirements
- Demonstrate behaviours aligned with the CFPC Values
- Contribute to delivering on the overall work plan of the department and strategic goals of the CFPC
- Participate in the development and/or execution of special projects as required
- Participate on internal staff committees or working groups as required
- Assist with the training of new team members as required
- Support the team and collaborate with colleagues to ensure departmental needs are met including absence coverage and cross-training as required
- Demonstrate competencies aligned with the CFPC Competency Framework

Requirements:

- Post-secondary education with a focus on communications, health care, new media or other relevant social sciences. University degree or higher an asset.
- Minimum of 3-5 years of related work experience in a professional environment
- Experience working with voluntary professional organizations
- Financial aptitude with previous budget experience
- Experience in post-production of audio and video recordings for web an asset
- eLearning instructional design or web design and development experience an asset
- Excellent project management, and relationship management skills
- Proficient in Microsoft Office software and information system databases (e.g. iMIS), social media platforms, and other online collaboration tools, as well as on-line tools for communication like poll-everywhere
- Excellent interpersonal skills with demonstrated ability to work with a broad range of stakeholders and build and maintain good partnerships
- Knowledge of medical terminology an asset
- Excellent organizational and follow-up skills with the ability to prioritize and to meet deadlines
- Proven attention to detail with an eye for accuracy
- A self-starter with the ability to work both independently and in a collaborative team environment
- Knowledge of the Canadian health care system an asset
- Team player with excellent organizational skills
- Able to function independently to exercise discretion and judgment in sensitive matters
- Verbal and written communication skills, with ability to express ideas and opinions clearly and effectively in English; French is an asset
