

Leading family medicine. Improving lives.

THE COLLEGE OF FAMILY PHYSICIANS OF CANADA (CFPC) is the professional organization that represents more than 40,000 members across the country. The CFPC establishes the standards for and accredits postgraduate family medicine training in Canada's 17 medical schools. It reviews and certifies continuing professional development programs and materials that enable family physicians to meet certification and licensing requirements. The CFPC provides high-quality services, supports family medicine teaching and research, and advocates on behalf of the specialty of family medicine, family physicians, and the patients they serve.

To better serve the future of family medicine, the **FOUNDATION FOR ADVANCING FAMILY MEDICINE (FAFM)** was established in 1994. As an independent incorporated registered charity, the Foundation is dedicated to advancing the discipline of family medicine through research and education initiatives. Contributions to the FAFM continue to fund numerous awards, grants, and scholarships, as well as initiatives to support the training and continuing professional development of medical students, family medicine residents, and family physicians.

Chief Executive Officer & Executive Director

The Board of Directors of the CFPC and the FAFM is seeking a Chief Executive Officer & Executive Director (CEO/ED) to provide inspirational leadership, strategic oversight and exemplary communication during a time of unprecedented change. Representing the voice of family medicine in Canada, the CEO/ED will bring an intrinsic understanding of the importance of family medicine and the evolving health care needs of Canada's diverse communities. In this leadership role, the CEO/ED will have the unique opportunity to lead a medical organization that is at the forefront of health care policy, education and research in Canada.
