Mitigating Potential Bias

This program has not received financial or in-kind support.

The questions posed in today’s webinar were developed by staff from the CFPC.

Recommendations are based on the evolving evidence and situation with the ongoing COVID-19 pandemic.
Learning Objectives

After this webinar presentation, the participant will be able to:

1. To describe the current understanding of the COVID-19 disease cycle
2. To describe the current and anticipated impact of Canadian public health measures on COVID-19 infections
3. To discuss the impact of the pandemic on the Canadian health care system
4. To discuss vaccine availability for COVID-19
