

The Besroux Centre for Global Family Medicine: FM Pivot Modules

What is FM Pivot?

Building on the experience and knowledge gained by our global family medicine community through the COVID-19 pandemic, the Besroux Centre for Global Family Medicine presents the FM Pivot module series.

Modules focus on global health emergency competencies within five themes:

Community-based research

Chronic disease management

Disaster preparedness

Mental health

Virtual education

The Besroux Centre for Global Family Medicine offers its latest module:

How to Adapt Your Teaching in Crisis: Lessons from the pandemic

Module objectives

Upon completing this module, learners will be able to:

- Recognize changes in medical teaching resulting from the COVID-19 crisis
- Identify the principles of new teaching techniques
- Identify their own facilitators and barriers to adopting new technologies
- Recognize different dimensions to describe online teaching

Module structure

This interactive module will take approximately 45 minutes to complete and includes:

- An audio podcast discussion between module leads about the key learning points of the module
- A narrated presentation on adaptive faculty development from the University of Toronto
- Learning exercises for self reflection
