Indication of Interest
in the CFPC’s Section of Family Physicians with Special Interests or Focused Practices

If you are interested in exploring the opportunity to establish a Program in the CFPC’s new Section of Family Physicians with Special Interests or Focused Practices (SIFP), please:

(i) review the attached information about the Section and its Programs; and
(ii) forward a Letter of Intent to us by email/fax/regular mail, including the following information:

- your name, e-mail address, phone number;
- the area of special interest/focused practice in which you are involved;
- a brief indication of why you are interested in applying to establish a Program in our new Section;
- an estimate of how many other family physicians across Canada might also be interested in this Program;
- a brief indication of the value you see in having the CFPC act as an organizational “home” for you and your colleagues who are involved in this special interest/focused practice area; and
- the name(s) of other medical organizations whose mandates address the interests of family physicians in your special interest or focused practice area.

After we receive your Letter of Intent we will contact you to set up a time for you to teleconference with one of our CFPC Senior Staff Directors.

In addition to giving you the opportunity to ask any questions you may have, the purpose of this teleconference will be to provide you with additional information about the SIFP and its Programs as well as the Working Party process to be followed by those interested in formally applying to become a Program.

Following the teleconference, it will be up to you to decide if you wish to request that the College consider establishing a Working Party which would be responsible for developing the formal application for your area of interest to become a Program in the SIFP. You might be prepared to signal this at the end of the teleconference or you may wish to take more time to think about this. When we receive your request to have us consider forming a Working Party, we will review it and get back to you within 4 weeks with the suggested next steps.
Please submit your Letter of Intent to, or, if you have any questions, please contact:
